The diagram illustrates a file inclusion relationship. At the top is a gray-shaded box representing a header file: `/home/asayman/Dev/game-host-adapter/include/test-helpers/rh_string.h`. Below it are two white boxes representing source files. The left box is `/home/asayman/Dev/game-host-adapter/include/test-helpers/a2s.hpp` and the right box is `/home/asayman/Dev/game-host-adapter/include/test-helpers/rh_status.h`. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header file.
